STANDARD FILTERS
WITH EASY TO USE RACK

MAX ALLOY COIL
TECHNOLOGY

Expectations comfortably exceeded

THE NEW LUXAIRE® LX SERIES Split System Air Handlers and Coils (can only be matched with new outdoor products)

- **High-efficiency blower** uses an ECM multi-speed motor to circulate air effectively and quietly for improved comfort.
- **RC2-Rigid Case Construction** Interior endoskeleton –improved structural support, flush sides, & locked in insulation
- **Powder-Paint Cabinet** G30 galvanized steel case –coated edge, resists corrosion & rust creep
- **Bolt-on TXV**
 - Easy installation
 - Factory installed TXV options available
- **Allergen filtration** and indoor-air-quality options keep your home cleaner and healthier.
- **Quiet, direct-drive fan design** minimizes vibration and noise with almost silent ECM motor.
- **MaxAlloy™ Coil** Long life aluminum coils, lasting performance, efficiency & reliability
- **6HK Electric Heat Kits** Parts commonality between air handlers, modular blowers, & residential package units
- **Improved Insulation Design** Single piece, no external screws, reduced thermal transmission, prevents sweating, foil faced
- **Case Depth 20.5"** casing allows ease of attic access and tight applications
- **Thermoset Drain Pan** Positive slope reduces standing water and potential mold or contaminants
- **Factory Sealed**
 - Achieves 2% or less total airflow leakage rate
 - Verified in both positive and negative pressure scenarios

AIR HANDLERS

AVC/MVC

- Single Piece/ Modular Configuration
- Multi-position
- Variable-speed ECM Motor
- AC and HP

AE/ME

- Single Piece/ Modular Configuration
- Multi-position
- Standard ECM Five-speed Motor
- AC and HP

AP/MP

- Single Piece/ Modular Configuration
- Multi-position
- PSC Multi-speed Motor
- AC and HP

INDOOR COILS

CM

- MaxAlloy™ Coil
- Full-cased, Multi-position
- AC and HP
- Options: Field-installed or factory-installed TXV available

CF

- MaxAlloy™ Coil
- Full-cased, Upflow/Downflow
- AC and HP
- Options: Field-installed or factory-installed TXV available
